# Shanghai Intelligent Building Technology (SIBT) 2022

Shanghai Intelligent Building Technology (SIBT) will be held in halls W3, W4 and W5 at the Shanghai New International Expo Centre (SNIEC) from 31 August to 2 September 2022.

In 2022, SIBT will again feature the Shanghai Smart Office Technology (SSOT) zone while continuing to work with Shanghai Smart Home Technology (SSHT) and Parking China (PKC) to spur the development of the intelligent building, smart parking, smart office and smart home industries. SIBT will showcase new products and innovative technologies to accelerate cross-border integration.

## Seizing market opportunities amidst the rapid development of the industry

### Market news

1. China's intelligent building market exceeded RMB 965 billion in 2019 and is expected to exceed 1.2 trillion by 2023. In the future, the proportion of intelligent buildings in new builds will continue to rise. With the trend of transforming existing buildings with the use of smart building technologies, the domestic intelligent building market will keep growing and is estimated to reach 1.54 trillion by 2026.

2. In 2025, there will be over 4.08 million office workers working in smart office environments across China; 90% of gated communities in the country will use smart licence plate recognition for parking; a total of 12.75 million residential units will make use of pre-installed smart home technologies, benefitting over 44.6 million residents. Furthermore, approximately 700 hotels will be upgraded to 'AI hotels'.

# Renowned brands present the latest products and technological innovations

Previous editions of the fair attracted renowned brands from China and overseas to demonstrate the latest products and technologies within intelligent building, smart office and smart parking. This year's fair is set to encourage the cross-border integration of the intelligent building and other related industries, bringing new business opportunities and enabling face-to-face communication between exhibitors and trade visitors.

## Product groups

- Building automation systems and products
- Building energy efficiency and energy management systems and products
- Smart community management systems and products
- Smart home systems and products
- Public broadcasting and conference systems and products
- Security and access control systems and products
- Hotel smart systems and products
- Smart sun shading systems and products
- Generic cabling systems and products
- Electrical engineering products
- Smart campus systems and products
- Smart parking management products and solutions
- Smart office space management products and solutions

## Comments from exhibitors:

"Our company is from France, and our businesses cover smart lighting, smart home and smart hotels. We have been exhibiting at SIBT for four years, and we think this fair's visitors are very professional. We wanted to promote our new products and the concept of building an interconnected community during the post-pandemic era. We also wanted to connect with our old clients and find some new potential partners. The fair's visitor flow is better than we expected."

***Ms Xia Yun, Marketing Manager, Legrand China***

"We were very satisfied with the fair, as the quality of buyers as well as the flow of visitors were very strong. We have been discovering many new opportunities, and there were also many genuine buyers who visited our booth and were keen to further cooperate with us. The fact that the fair was able to run as planned is very helpful to the industry."

***Ms Shen Pu, Executive Secretary, KNX Association, China***

# A professional platform attended by the highest levels of industry

## Comments from visitors:

"The industry has developed and launched a lot of contactless solutions and products, which I think is very good and fits the demand of the current market. I also attended some forums here, such as the one on AIoT. As a real estate developer, it's good to hear from other developers as well as from engineers. I will recommend my colleagues to attend this fair in the future."

**Ms Zhang Yue, Head of Innovation, China Jinmao Holdings Group Ltd ("In-Matching" participant)**

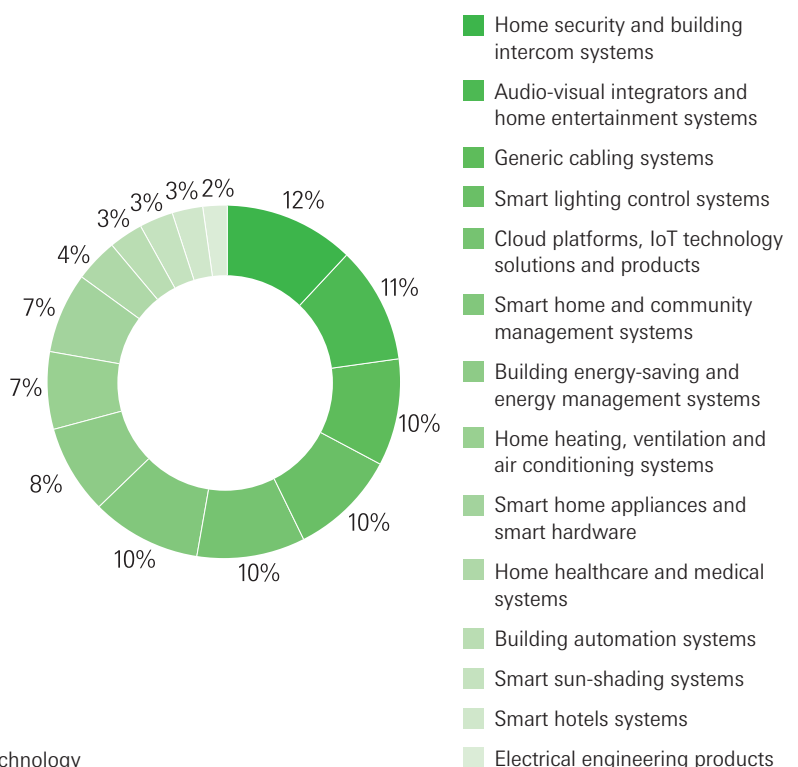

"We're in the industrial park development business, and I'm here because I want to move in the direction of smart industrial parks. The forum had technical content delivered by very professional speakers. The industry is in a state to be developed and is very big with lots of opportunities."

**Mr Mao Yonggang, Vice President, Zhongnan Hightech Industrial Group, China**

## Visitors' business nature

## Visitors' product category interest

# Concurrent events to highlight latest industry trends

## Forums

12 themes will be covered: **Smart Home, Smart Audio-visual, Smart Living, Smart Hotel, Smart Real Estate, Smart Community, Smart Building, Smart Office, Smart Space, Smart Health, Smart Parking and Smart Lighting**

### Protocols

Standards organisations such as Wi-Fi, EnOcean and KNX will focus on the standards protocols and solutions of smart homes, buildings and smart spaces.

### System integration

A number of smart home integration forums will discuss future solutions and trends such as "The CSHIA East China Summit: Smart Home Integration Innovation Forum", "China (Shanghai) Smart Home Integrator Conference", "SSHT Home Audio-Visual Entertainment Innovative Integration Forum" and more.

### OffiSmart Summit

A summit focusing on the integration of smart office solutions and space management development, discussing how intelligent methods apply to the development and practice of smart spaces, as well as promoting the upgrade of new working methods.

### Smart parking integration

Focusing on the integration and implementation of new technologies and smart parking in the era of IoT. Encompassing the key topics of cross-industry integration, technology integration and application development to share the latest solutions and applications.

## SIBT2022 concurrent events preview

### shanghai smart home technology

- A key industry platform dedicated to smart home technology
- Encompasses 5G, IoT, AI, robots, cloud platform, internet, big data and smart home development

### parking CHINA

- A major event for the smart parking industry
- Focusing on the urban parking ecosystem, promoting the integration and development of China's parking industry

### shanghai smart office technology

- The trendsetter in the smart technologies and IoT application markets
- Presenting the leading smart office products and solutions

## "In-Matching" business matching programme

**Overseas** and **domestic** buyers meet at SIBT for the latest intelligent building products. Face-to-face conversations with exhibitors spark new business opportunities.

'In-Matching' is a business matching platform, attracting visitors such as real estate developers, property management companies, integrators and decoration companies. The service is designed as a business exchange platform that accurately matches supply and demand between exhibitors and buyers, carrying out in-depth cooperation through face-to-face communication.

## Date \_\_\_\_\_

31 August – 2 September 2022 (Wednesday – Friday)

## Opening hours

31 August – 1 September	(09:00 – 17:00)
2 September	(09:00 – 14:30)

## Venue

Halls W3, W4 & W5  
Shanghai New International Expo Centre (SNIEC)  
2345 Longyang Road, Pudong New Area  
Shanghai, China

## Admission

Free entry for trade visitors aged 18 or above

## Organisers

China Council for the Promotion of International Trade: Shanghai Pudong Sub-Council  
Guangzhou Guangya Messe Frankfurt Co Ltd  
Shanghai Hongshan Exhibition Service Co Ltd

### Co-organiser

Intelligent Branch of China Engineering & Consulting Association

## Participation fees

Standard booth package:  
RMB 12,000 / 9 sqm (min 9 sqm)  
Raw space:  
RMB 1,100 / sqm (min 36 sqm)
